Summary

I am an organized and purpose-driven environmental science professional with strong interests in youth advocacy, environmental governance, and strategic communication. I am passionate about empowering young people to actively participate in decision-making processes around natural resources, climate action, and sustainable development.

I currently serve as a member of Youth in Natural Resources and Environmental Governance (Youth-NREG), where I have gained hands-on experience in advocacy, youth programming, policy engagement, and stakeholder coordination. In recognition of my commitment to mentorship and leadership, I was awarded Peer Mentor of the Year (2025) for Environmental Science.

My professional experience also spans administrative support, compliance-related tasks, media engagement, and laboratory work, including DNA extraction. These diverse experiences have strengthened my organizational abilities, attention to detail, communication skills, and capacity to work effectively across multidisciplinary environments.

Key Achievements include:

• Awarded Peer Mentor of the Year (2025) – Environmental Science
• Member of Petal, Youth-NREG Climate Change Adaptation and Financing
• Organizing Secretatry for Youth-NREG, KNUST
• Head for Mentorship Committee, Environmental Science 2025/26
•Member of IAESTE HelpDesk 2025/26
